REVIEW: UNIT PLANTS

1. Choose the wrong words.

Plants need: water / sugar / air / sunlight

The parts of plants are: leaves / flowers / soil / stem / roots

Plants grow: in many places / at home / in space.

Plants give us: metal / furniture / decoration / food

2. Match each type of plants to its description.

Trees	Have short, thick stems
Bushes	Farmer grow them
Grasses	Have thin stems
Wild plants	Grow everywhere
Crops	Have trunks.
