

## REVIEW: UNIT PLANTS

### 1. Choose the wrong words.

Plants need: water / sugar / air / sunlight

The parts of plants are: leaves / flowers / soil / stem / roots

Plants grow: in many places / at home / in space.

Plants give us: metal / furniture / decoration / food

2. Match each type of plants to its description.

**Trees** **Have short, thick stems**

**Bushes** **Farmer grow them**

**Grasses** **Have thin stems**

## Wild plants Grow everywhere

**Crops** **Have trunks.**
