

INTERACTION

1. Listen to the three people talking. Which sense organ does each person use?

1. The sense is

2. The sense is

3. The sense is

2. Decide what senses they use in the following actions.

3. Are the following response voluntary or involuntary?

ring
the bell

answer the
phone

open your
eyes in fright

VOLUNTARY

INVOLUNTARY

VOLUNTARY

INVOLUNTARY

VOLUNTARY

INVOLUNTARY

4. Look the pictures and complete the gap with the correct sense.

Daniel has captured this aspect of the chocolate with his sense of

This chocolate looks so good!

Daniel has perceived the sound of the door with his sense of

I can hear the door. I think Dad must have gone to work.

Daniel knows that the chocolate smells good thanks to his sense of

Oh, it smells so good.

Daniel knows that the cup is hot thanks to his sense of

Ow... It's hot. The cup is too hot to touch.

Daniel knows that the chocolate tastes good thanks to his sense of

Ummm... Chocolate is my favourite breakfast.
