

I'm still standing- Elton John

You could never know what it's _____
Your blood like winter freezes just like ice
And there's a _____ lonely light that shines from you
You'll wind up like the wreck you hide _____ that mask you use
And did you think this fool could _____ win
Well look at me, I'm _____ back again
I got a taste of _____ in a simple way
And if you need to know while I'm still _____ you just fade away

Don't you know I'm still standing better than I ever did
Looking like a true _____, feeling like a little kid
I'm still standing _____ all this time
Picking up the pieces of my life _____ you on my mind
I'm still standing yeah yeah, yeah
I'm still standing yeah yeah, yeah

_____ I never could hope to win
You starting down the road _____ me again
The threats you made were meant to cut me _____
And if our love was just a _____ you'd be a clown by now

You know I'm still standing better than I ever did...
