

IF YOU DON'T LIKE SUMMER

School is and summer camps
And people feel at heart
And even at it's warm and
If you don't like summer you must be crazy

Swim in the eat some ice
Stare at the , get lost in a
Spin in circles until your brain is hazy
If you don't like summer you must be crazy

Go to the and build a castle
Or you and your in the sand can wrassle
Lie on the green make a chain with a daisy
If you don't like summer you must be crazy

**out older start younger lazy night cream pool
dream clouds friend beach**
