What is Pinyin?

Pinyin is the phonetic system of Chinese language.

- Most importantly, it's a great tool to help you learn the accurate pronunciation of Mandarin words and
- input Chinese characters on your computer or smartphone.
- Like **English phonetic symbols**, Pinyin also uses the modern alphabet to build its system. Some sounds that do NOT exist in English phonetic symbols.
- Have a look at all of our videos, listen to the voices in Real Chinese and our tones to hear how native speakers pronounce the sounds.
