

# PREPARING A GARDEN BED

The steps in preparing a garden bed are shown below. Put them in the correct order by numbering 1 to 9.

Remember when working in the garden to always use tools and equipment properly and to always maintain safe and effective working practices.

\_\_\_\_\_ Safely dispose of waste

\_\_\_\_\_ Clear the area of bush and rubble

\_\_\_\_\_ Store tools, materials and personal protective equipment correctly

\_\_\_\_\_ Identify types of tools, materials and personal protective equipment to use

\_\_\_\_\_ Clean tools and report any defects

\_\_\_\_\_ Form the bed

\_\_\_\_\_ Remove weeds and stones

\_\_\_\_\_ Till the soil

\_\_\_\_\_ Get tools, equipment and materials ready for the job
