

CRUCIGRAMA

A cartoon boy with brown hair, wearing an orange shirt and blue pants, is standing with his hand on his chin, looking thoughtful. To his left is a large grid of math problems arranged in a crossword-like pattern. The grid consists of pink squares containing numbers, operators, and equals signs, set against a light blue background.

The math problems in the grid are:

- Row 1: $8 + \square = 15$
- Row 2: $+$ $-$ $-$
- Row 3: $\square \times 3 = \square \times 3 = \square$
- Row 4: $=$ $=$ $=$ $-$
- Row 5: 12 $\square$ 3 $\square$ 16
- Row 6: $\square$ $\times$ $=$ $\square$
- Row 7: $2 \times 9 = \square + \square = \square$
- Row 8: $\square$ $\times$
- Row 9: $14 + \square = \square$ 9
