

# School is Cool -Song

Listen and choose in order:

I really love **geography**,  
 And I enjoy **history**.  
 I like to study **science** too!  
 My favourite subject in the afternoon.

Because school is cool, it is where we go  
 From Monday to Friday, I'm sure you know.  
 We study and we play, that's what we do.  
 We do it in the morning and the afternoon!

Before lunch we have **music**,  
 And then **computer studies**,  
 And on Wednesday we do **sport**.  
 That's a class which is too short!

And I like to do **languages**,  
 Spanish, French and Japanese.  
 Lots of words in the **dictionary**,  
 For me to study and to read.
