

Our Planet

A. READ

Our planet is full of life! There are many different plants and animals in every part of the world. Some animals live on trees, others live on top of mountains, and some even live under the water! Camels, lizards and many insects can live in very hot and dry places like the desert, and animals like penguins, whales and seagulls can live in cold places like Antarctica.

B. 1. Drag and drop the words in the boxes to REORDER the questions.

2. Write the correct answers. Choose from these:

YES THEY CAN	NO THEY CAN'T	YES THEY DO	NO THEY DON'T	YES IT IS	NO IT ISN'T
--------------	---------------	-------------	---------------	-----------	-------------

LIVE IN ONE PART	OF THE WORLD?	ANIMALS	DO	

THE WATER?	LIVE UNDER	DO	SOME ANIMALS	

LIZARDS	CAN	IN A HOT PLACE?	LIVE	

PLACE?	IS	A HOT	ANTARCTICA	

C. Animals have very different bodies and they can do many things! **Connect the questions to the answers.**
