

## IT and THERE

Complete the text with IT IS or THERE IS/ ARE.

I live in a small village. \_\_\_\_\_  
only about fifty houses and \_\_\_\_\_  
difficult to get there. The village is in the middle  
of the forest and \_\_\_\_\_ no  
buses or trains that go there. I love my village  
because the air is clean and \_\_\_\_\_ a  
small lake nearby. However, most young people  
have moved to the cities because  
\_\_\_\_\_ easier to find jobs there.  
But \_\_\_\_\_ clear that the people are  
happier than in crowded cities.
