

A Household Problem

Listen and read the conversation.

A Hello, Building Manager.

B Hi, this is Stella Taylor in Apartment 4B. I've got a problem. The washing machine overflowed. And the dishwasher's leaking, too. And the sink is clogged. Could you please recommend a plumber?

A Well, I usually use two different plumbers.

B Which one do you recommend?

A Let's see. His name is Don Brown. He has a company on Main Street. Here's the phone number: 555-4564. He's really good.

B Thanks. I'll call him right away.

Answer the questions.

1. Who does Stella call?

2. List Stella's three household problems?

3. Which plumber does the building manager recommend?

4. What is the company's address?

5. What is the company's phone number?
