

# Summer Holiday

Listen to the song and match the half sentences.

We're all going on

summer holiday

No more working

on the movies

Fun and laughter

where the sun shines brightly

No more worries

if it's true

We're going

a summer holiday

We're going where

for a week or two

We've all seen it

on our summer holiday

Now let's see

the sea is blue

Everybody has a

for me or you
