

Name:

Crossing the Road Part 2

1. Select the pictures of the footbridge:

2. Select the pictures of the traffic island:

Théo Perleth, Sprinkle Consulting

3. Select the picture that shows someone safely crossing the street where there is no pedestrian crossing:

4. Select the pictures that show someone crossing between parked cars safely:

5. Put the steps to crossing between parked cars in the right order:

1.

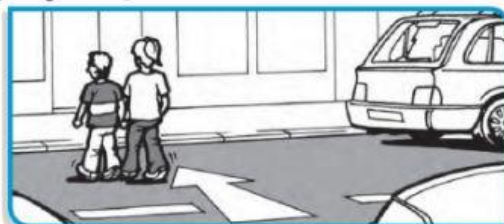

2.

3.

4.

Make sure the cars are not about to move off! (Check if driver is in the car, if lights are on, if you can hear the engine)

When there is no traffic near, cross carefully, looking and listening for all the traffic all the time as you cross.

Choose a safe place to cross where there is space between 2 cars and its easy to get to the to the other side of the road

Walk on the outside edge of the cars and stop. From here you can look and listen for traffic.

6. Select the pictures that show people crossing the road at night safely:
