

HAVE YOU EVER VISITED TURKEY?

Hi. My name is Astrid and I'm from Arvika, Sweden.

I love travelling but I **have not been** out of home for a long time, because of Covid19 Pandemic.

I **have travelled** a lot since my childhood. I **have been** to many countries in Europe and Asia. I can say that Turkey is one of the most beautiful countries I have ever visited.

Turkey **has been** homeland for many ancient civilisations such as the Romans, Byzantine and Ottomans. So the country is rich in culture and history.

In Modern Turkey, there are seven geographical regions. But **I have only been** to the Aegean Region, in the west part of the country. I **have visited** Ephesus, the House of Virgin Mary and Şirince Village. Also I have seen the travertines in Pamukkale. Such an amazing place!

I can never forget my trip to Turkey because I **have seen** wonderful places, I **have tasted** very delicious food and I **have met** very nice people.

I hope I will visit this wonderful country again, in the future.
