

**Today is National Eat Your Vegetables Day!**

**Let's celebrate with these veggie math problems!**

**1. How many pieces of broccoli?**

**4**

**1**

**3**

**2. How many peppers?**

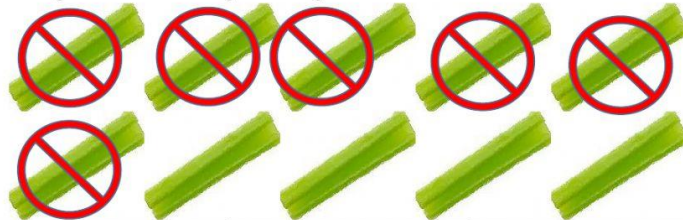

**6**

**1**

**7**

**3. I had 10 celery sticks. My friends ate 6 pieces of celery. How many celery sticks do I have left?**

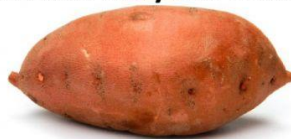

**10**

**4**

**6**

**4. I am going to buy 3 yams. Each yam costs \$0.25. How much will the yams cost altogether?**

**= \$0.25**

**\$0.75**

**\$0.25**

**\$1.00**

**5. There are 5 servings in this bag of carrots. The serving size is 10 carrots. How many carrots are in this bag altogether?**

**5 x 10 = \_\_\_\_\_**

**500**

**50**

**15**
