

Beginner 2 ESOL - Transport and Travel

Homework, MS Teams class 18th June

Think of a place you go to often. Write about how you travel there:

1. Where you go;
2. Which transport you take;
3. How long it takes to get there;
4. Give directions from your house.

Here is some direction vocabulary to help you:

| | | | |
|--------------------------------|------------------|-------------------------------|--------------------|
| turn left | turn right | go straight on | cross the road |
| opposite | next door | take the 2 nd left | go over the bridge |
| take the 3 rd right | it's on the left | | it's on the right |

When you've finished, please take a photo and email your writing to me by end of Friday.

Thanks 😊
