

Talking about evolutions

SHOWER = 27 MINUTES

25 minutes	2 minutes
Reflection and deep thoughts about the origin of life and the universe.	Wash and rinse the body.

We consume *water*, because our showers are **(long)**.

The climate is **(hot)**, and the ground is **(dry)**...

We eat *meat*, so we need *cattle*...

We use
.....
.....*electronic devices*,
so we need
.....
.....*electricity*...

Our houses are
..... **comfortable**.
They are**(cool)**
in summer and
(warm) in winter, but we need
..... *energy* for
air-conditioning...

The situation is getting **(bad)**, but we are
..... **(well)** informed, so we can change our lifestyle, like
Leonardo Di Caprio or Greta Thunberg...!

“We are now in a race
to better ourselves,
to better our planet.
“Be bold*, be courageous,
do everything in your
power to change...””

* bold = audacious, brave

“

What we do or
don't do right
now will affect
my entire life,

and the lives of my children
and grandchildren. What we
do or don't do right now,
me and my generation can't
undo in the future.
