

## Be ready! Hurricanes

# BEFORE

A cross-section diagram of a two-story house labeled "BEFORE". The diagram shows various items and areas marked for removal. A person in a white protective suit is on a ladder outside, pointing at a yellow rectangular area on the second-floor wall. Inside, the second floor has a computer monitor, speakers, and a chair. The first floor has a dining table, chairs, a grill, and a car parked outside. The basement has a first aid kit, water bottles, a water filter, a dog food bag, and a dog house. Red circles and dashed lines highlight specific items: a car, a first aid kit, a dog house, and a bag of dog food. White speech bubbles are placed throughout the diagram.

Be ready if  
need to leave
