

I feel everything

Cara Delevingne

Your stare makes me _____ but I can't _____ still
Those _____ keep me up longer than any other pill
And I know, being _____
We feel like forever
And now, more than ever I feel _____ (feeling everything)

You make me feel so _____, I've never felt so sane
Beaten up by love but the feelings still remain

You should _____, if you want it, it's yours
So come and get it

Right now, _____ than ever I feel everything (feeling everything)
All I got (I'm yours)

I'll give it to you (be mine)
You're in my brain (I'm yours)
And my heart too (be mine)

_____ I am yours

If you want me _____
Tell me you want me too
'cos I'll give it _____ to you

I'm scared that I'm falling
Come catch me, I'm _____

My heart is calling
Can't _____ me roaring, I'm soaring

Come jump with me and _____
I'm scared that I'm falling
Never _____ I'd fall like this
I've _____ right into this eternal bliss.

And I know.....
