A Plant's Growth

When plants grow, the **number of leaves**, the **size of leaf**, the **height of plant**, and the **circumference of** the **stem** will increase.

1. Study the diagram then fill in the blanks.

a) Number of leaves in Day 1 are ☐

b) Number of leaves in Day 5 are ☐

c) Number of leaves in Day 10 are ☐

d) Number of leaves in Day 15 are ☐

Conclusion: When a plant grow, the number of _____ increase.

e) Height of plant in Day 1 is ☐

f) Height of plant in Day 5 is ☐

g) Height of plant in Day 10 is ☐

h) Height of plant in Day 15 is ☐

Conclusion: When a plant grow, the _____ of plant increase.

2. List the changes that happen when a plant grow.

a) _____

b) _____

c) _____

d) _____
