

FRACTIONS WORKSHEET 2

Ex. 7

1. Mother gave $\frac{1}{3}$ of a cake to Ann and $\frac{1}{6}$ to Bess. What fraction was left?
2. I spent $\frac{2}{3}$ of my money and lost $\frac{1}{4}$. What fraction remained?
3. I ate $\frac{1}{5}$ of a pizza for breakfast and $\frac{1}{6}$ for lunch.
 - a) What fraction did I eat altogether?
 - b) What fraction remained?
4. $\frac{1}{3}$ of my class plays football, $\frac{2}{5}$ play cricket and the rest play neither cricket nor football.
 - a) What fraction plays cricket and football?
 - b) What fraction plays neither cricket nor football?
5. A farmer sold $\frac{3}{10}$ of a bag of grain, gave away $\frac{2}{5}$ and kept the remainder for himself. What fraction did she keep?
