

TALLER #1 CONVERSIÓN DE UNIDADES CON LA MULTIPLICACIÓN

1) 15 MB -> KB

2) 26 GB -> MB

A 100 chart with a 10x10 grid. The top two rows are shaded gray. The bottom row is divided into five equal-width rectangles, with the last one being twice as tall as the others.

3) 486 TB -> GB

4) 159 PB -> TB

The diagram illustrates the addition of 14 and 16 using base ten blocks. The top section shows 14 (one ten rod and four one unit cubes) and 16 (one ten rod and six one unit cubes). A horizontal line separates this from the bottom section, which shows the result: 30 (three ten rods).

5) 10240 B -> b
