

My favorite thing

1. Look at the photos. What are Kemal, Lisa, Tom, and Mo's favorite things?

Kemal

“This is my car and I love it! It's a German car and it's my favourite colour, silver. It's really, really fast, really comfortable and it's got a fantastic CD player – it's just great.”

Lisa

“My favourite thing isn't really a thing, it's our pet cat, Billy. We've got four cats in our family, but Billy's my favourite. He's black and white and he's got beautiful green eyes. He isn't very friendly with other people, but he loves me!”

Tim

“I'm a professional musician, so my trumpet's really important to me. Actually, I've got three, but this one's my favourite: it's a Bach trumpet made in America – and it's about forty years old!”

‘My favourite thing is my computer – my laptop. It isn’t new but I really like it. I really like the orange colour. And it’s got everything I want – e-mail, the Internet, a DVD player and I’ve got some really good games on it. I love my laptop!’
