Reading

Yosemite is an amazing place. It has mountains, valleys, lakes, rivers and the highest waterfalls in America. The wildlife is amazing, too – most of all the huge trees.
Some are 90 metres tall. When people started cutting down the trees and damaging this beautiful place, the United States decided to make Yosemite a National Park back in 1890. This has protected Yosemite since then, but people have become a problem again. For over a century, more and more visitors have arrived each year. They love the Park, but millions of cars and heavy feet badly damage it, too.
