

Numere naturale de la 0 la 20

1. Scrie numerele care lipsesc:

2. Ordonează crescător numerele:

3. Compară numerele folosind semnele:

4. Calculează:

$4 + 4 = \square$

$13 + 1 = \square$

$16 - 1 = \square$

$17 - 3 = \square$

$2 + 7 = \square$

$14 + 2 = \square$

$18 - 2 = \square$

$12 - 2 = \square$

$10 + 3 = \square$

$15 + 1 = \square$

$14 - 3 = \square$

$14 - 2 = \square$

5. Scrie pe mere numerele care lipsesc:

$7 + \text{apple} = 9$

$4 + \text{apple} = 6$

$14 + \text{apple} = 15$

$2 + \text{apple} = 5$

$3 + \text{apple} = 6$

$13 + \text{apple} = 14$
