

WORK GUIDE

1. Cómo usar correctamente el ANY y el SOME

Ambos términos significan algunos, algunas, y generalmente se utiliza cuando no es necesario establecer de manera exacta cuan grande o pequeña es la cantidad que se expresa.

SOME: Se usa para frases afirmativas. Se usa con sustantivos contables e incontables

Example: **There is some water in the bottle**- Hay algo de agua en la botella
There are some bottles of water in the fridge- Hay algunas botellas de Agua en el refrigerador.

ANY: Se usa en preguntas y en frases negativas. Se usa con sustantivos contables e incontables.

Example: **There isn't any water in the bottle**- No hay agua en la botella
There aren't any bottles of water in the fridge- No hay botellas en el Refrigerador.

2. A continuación, vamos a leer el siguiente texto y a observar el uso del some/any

In my kitchen there is a microwave where I can heat food, so on weekends we can eat pizza leftovers. In the livingroom there are some vases where we keep some fresh flowers so our house looks good. We don't have any pets so our house stays clean often.

- a) There isn't _____ butter in the refrigerador?
- b) Are there _____ children playing in the park?
- c) We don't have _____ eggs to make an omelette
- d) There are _____ people waiting outside the cinema
- e) Are there _____ english books in the library?
