

Enjoy the silence

Depeche Mode

Words like violence

Break the peace / silence

Come crashing in

Into my little home / world

Painful to me

Pierce right through me

Can't you understand / know

Oh my little girl

All I ever desired / wanted

All I ever needed

Is here in my arms / room

Words are very unwanted / unnecessary

They can only do harm

Vows are spoken / told

To be broken

Feelings are intense

Songs / Words are trivial

Pleasures remain, so does the pain

Words are useless / meaningless

And forgettable

All I ever desired / wanted

All I ever needed

Is here in my arms / room

Words are very unwanted / unnecessary

They can only do harm...
