## Determining Cause and Effect

---

To determine a cause, ask "What is the reason?" To determine an effect, ask "What is the result?" Match the causes and effects below. Write the number of the cause in front of its effect.

**Cause**

1. Someone was pounding on the apartment door.
2. The Germans were looking for Jewish families.
3. Ellen couldn't get her Star of David necklace undone.
4. Ellen had dark hair.
5. Annemarie kept Ellen's necklace hidden in her hand.

**Effect**

- \_\_\_\_\_ The Germans suspected Ellen was not really Lise Johansen.
- \_\_\_\_\_ Ellen and Annemarie woke up in the middle of the night.
- \_\_\_\_\_ Annemarie pulled on the chain and broke it.
- \_\_\_\_\_ The soldiers asked Mama and Papa where the Rosens were.
- \_\_\_\_\_ The Star of David was imprinted on Annemarie's palm.

---

1. Papa was afraid the Germans would be looking for Ellen.
2. Mama didn't want the Germans to suspect anything unusual was going on.
3. Ellen had never visited the Danish seacoast before.
4. The path through the woods was pretty.
5. Annemarie wanted to be the first to see Henrik's house.

- \_\_\_\_\_ Mama told Papa that she and the girls would go to Henrik's without him.
- \_\_\_\_\_ Ellen sat with her nose pressed to the train window.
- \_\_\_\_\_ Mama told Annemarie that she could run ahead of the group.
- \_\_\_\_\_ Papa said that Ellen needed to go and stay with Mrs. Johansen's brother.
- \_\_\_\_\_ Mama decided not to walk along the road.
