

## Activity 1

### Instructions:

- 1- First, analyze the three pictures that are on the right.
2. Then, think about this question: Do you think that all families are different or the same? Why?
- 3- Be prepared to answer, orally if the teacher calls on you.

## Activity 2

### Instructions:

#### True or False

First, read the questions. Later, click on play. Consequently, listen to the audio. Finally, complete the true- false activity by writing "T" for true or "F" for false in the spaces provided considering the information from the audio. Once you are done, "click on check answers".

- 1-His father works in computers.
- 2- His mother is a nurse.
- 3- He does not have a brother.
- 4-His sister is married.
