

# PRESENT SIMPLE VS PRESENT CONTINUOUS

Complete the rules in the grammar table. Write *simple* or *continuous*.

|   |                                                                                            |                                  |
|---|--------------------------------------------------------------------------------------------|----------------------------------|
| 1 | To talk about facts, habits and routines, we use the present                               | <input type="text" value="..."/> |
| 2 | To talk about an action in progress, we use the present                                    | <input type="text" value="..."/> |
| 3 | We use <i>always</i> , <i>usually</i> , <i>sometimes</i> and <i>never</i> with the present | <input type="text" value="..."/> |
| 4 | We use <i>now</i> and <i>at the moment</i> with the present                                | <input type="text" value="..."/> |
