# TRIAL of LIVEWORKSHEET ACTIVITY in MATH

Identification. Identify which mathematical terms are being described.

1.)   It is the study of numbers, shapes and patterns.

2.)   What do you call the answer in Addition?

3.)   What do you call the answer in Subtraction?

4.)   What do you call the numbers that are being multiplied?

5.)   A polygon with 3 sides.

6.)   What is the quotient when 72 is divided by 9?

7.)   Write the fraction being illustrated by the picture below.

8.) What is the Perimeter of a square whose side measures 6cm?

9.) Complete the pattern: 1, 4, 9, 16, 25, **?**

10.)   The tool used to construct and measure angles.
