CHECK-IN TO LEARNING

The purpose of this check-in is to see if you can identify coins and count sets of coins to give the total value using skip counting. You may use your coin chart.

Parents you may read the directions, but that is all. We, teachers, need to know what your child can do on their own.

Write the name of each coin and its value. Write the coin's name on the top line and its value on the bottom line.

Count the set of coins and write its total value. Don't forget about your Hairy Money strategy and don't forget to write the cent symbol.
