archaeologists artefacts document fragment
jewellery palaeontologists remains

¹..... are things which were used by humans in the past. Examples include pots, tools and ²..... Experts, called ³....., carefully dig them up and study them to learn about life in ancient times. Sometimes they only find broken pieces of something, but even the smallest ⁴..... can provide a lot of information.

⁵..... study prehistoric life. They try to describe and explain what happened in the past. They use evidence from nature to develop theories. This evidence often includes the frozen

⁶..... of prehistoric animals.
