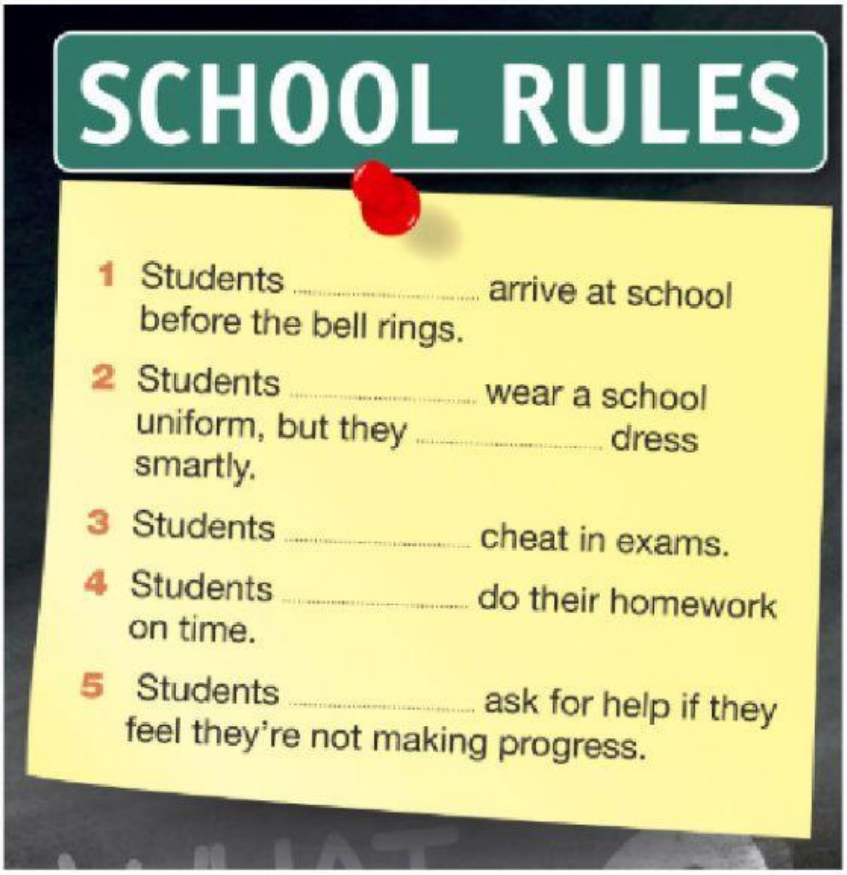
RULES

1 We use [ ] to say something is necessary because of a situation or a rule.
We use [ ] and *need to* when the speaker feels that it is very important to do something, or when we talk about written rules.
2 We use [ ] and its negative form [ ] to give advice, or to say something is a good or bad idea.
3 We use [ ] to talk about something that is prohibited.
4 We use [ ] and [ ] to say something isn't necessary.

2. Complete the school rules using the verbs from the previous excercise, use all lower case letters.



3. Write solutions for the situations using the verbs in brackets.

KEEP IN MIND: This part of the activity cannot be corrected automatically, so don't get discouraged if you see a low number, I will later check manually and you will see your real mark on EDMODO.
