Lucky To Be Alive

A US Air Force pilot, Mike Couillard took his ten-year-old son to asking holiday to Turkey in 1995. It was a cold but sunny day in Kartalkaya mountains. It seemed like a nice day for skiing at first but after a while the weather got worse and they lost their way due to the snowstorm. They were too tired, hungry and cold when they finally found a cave to spend to night. Although the Turkish government carried out a massive search operation, they couldn't find the father and the son. Therefore, Mike had to make a difficult choice to leave his son behind in a cave and look for help. Two days later, when he was discovered by woodcutters, he was about to die. With the help of the villagers, they found Matthew. He was frostbitten but alive after his ten-day adventure in nature.
