

Dear John,

I was glad to receive your email. I didn't go to the party on Saturday night because I injured myself at football practice last week. I'm trying hard not 1) *to feel* **(feel)** sorry for myself, but I must admit it's difficult. I want 2) *to be* **(be)** on the pitch with the rest of the team – not sitting here with a broken leg! My coach was sorry 3) *to hear* **(hear)** I had been hurt. Our team doctor told him I wouldn't be able to play again this season. The season won't end for another five months, so I'd prefer 4) *to believe* **(believe)** that my leg will heal before then. I mean 5) *to do* **(do)** everything I can to get better. Our team has won all our games this year and if we continue to do so there's a good chance we will go on 6) *to play* **(play)** in the final. I'll never forget 7) *to play* **(play)** in the final last year and I'd love to experience that again!

By the way, do you want to come to my house next weekend to watch a film?

Remember 8) *to bring* **(bring)** my CDs with you if you can!

Take care,

David
