

28th August 2020

Dear Rodrigo,

Hi! My name is Ana Clara and I'm 14 years old. I live with my parents and my two sisters in Caracas. I am a student at 2nd year in the morning shift.

At school I feel happy because I have lots of friends. My best friend is Claudia Marquez but she's not in my

class. My favourite subjects are Arts and Biology. I find them fun and interesting too. I don't like Maths because I find it really difficult.

I spend all my free time doing sports, visiting friends and listening to music. I

like going to the sports club, it's fun. I visit my friends every weekend. We sometimes go for walks and chat about our lives. I also listen to music in my spare time. I love all types. I listen to rock or reggae music but I enjoy cumbia too. I'm sending you a picture of my favourite singer: Bob Marley. Do you like him?

Write soon and tell me about the things you like the most.

Best wishes,

Ana Clara
