POP QUIZ

Date _____

Year

The student will be able to solve divisions of 2-3 numbers in the dividend and 1 number in the divisor as well as solving word problems using division.

Calculate and fill in the boxes

The figure shows two 4x4 grids illustrating the insertion sort algorithm. The left grid shows the insertion of 2 into the sequence [5, 6, 7, 2]. The right grid shows the insertion of 1 into the sequence [5, 1, 1, 8].

Left Grid:

2	3	5	6
		7	2

Right Grid:

1	5	5	1
		1	8
