A freelancer is a self-employed person who is not necessarily committed to a particular employer long-term. There are many reasons why independent work is on the rise, but two things have mainly **fueled** the trend.

NEW PLATFORMS FOR PAIRING FREELANCERS WITH BUSINESSES

These days, devices, apps, and other personal technology let us communicate with one another from virtually everywhere. But there's another kind of technology that plays even a bigger role – platforms designed to match companies with freelancers. New online marketplaces are launching in a wide range of categories, helping talented freelancers to find jobs in their chosen fields. *Vlance.vn* is one such platform operating in Vietnam.

CO-WORKING SPACES IN MAJOR CITIES

It's not uncommon for independent workers to feel isolated. But the rise of co-working spaces in urban centers is changing **that**, offering freelancers all the needed support and resources. They also create a collaborative ambience you'd find at any cutting-edge company. Vietnam is not behind in this trend with booming spaces like *Toong*, *HanoiHub*, *WORK Saigon* etc.
