

- 1 Design a map of your neighborhood. Label the different places and take turns to ask for and give directions

What places are there?

There's a supermarket, a cinema, a park ...

I want to go to the park and I'm here ...

To go to the park, walk straight ahead ...

- 2 Look at the following community ad. Say what it's about and if you think it can work

Our neighbourhood park looks like this...

We want it to look like this!

Come with your family this Saturday and help us clean it and fix the playground.

Together we Can Build a Better Community!
