

Reading: Lots of teeth!

First things first! Read the text before doing the activities

A. What animals are mentioned in the text? Click on the correct options:

B. Read carefully and match the animals with the number of teeth:

Humans	100
Crocodiles	30
Lions	32

C. Read the questions carefully. Then, select the correct answer:

How many times a day should we brush our teeth?	
What happens when a crocodile's teeth falls out?	
What's the name of our big teeth?	
What do we use our incisors for?	
Why do people need braces?	
Do lions and crocodiles chew their food?	
Do lions have molars?	
The four long sharp teeth are called...
