#### Reading

1 Look at the heading and the photos. What connection do you think the photos have to the text?

The internet – the world's biggest market

1 .... A lot of people find shopping online easier than going to their local high street or to the supermarket and they love the cheaper prices on the internet. They also like reading other customers' reviews, so they know different people's opinions about a product before they buy. But for many people, the most important advantage of online shopping is the choice.

2 .... Shopping in your town isn't easy if you don't like the same things as everyone else. But that isn't a problem online. On the internet your shopping centre is the world. You can buy from a Korean music shop, a Mexican chilli farmer and a Nigerian hat designer all in one afternoon.

3 .... The internet is also the perfect place to find something strange or unusual. You can buy a jar of Alaskan snow, the poster for a 1920s horror film or a potato in the shape of a rabbit! Soon after singer Justin Bieber went to the hairdresser, a fan bought a small box of his hair at an auction website for \$40,668!

4 .... For some people, experiences are more important than possessions and they too can find a lot of interesting things on the internet. Would you like to give your name to a character in a novel or appear in a TV show? Win the right online auction and you can. In 2008, someone even bought an evening with actress Scarlett Johansson for \$40,100 (the money went to the charity Oxfam). You don't get much exercise when you shop online and you don't see many friendly faces, but if you are looking for something unusual, there's nowhere better!
