

The Sense of Taste

(1) Describe the sense of taste. (what does it work to do)

(2) What organ (body part) is responsible for tasting?

(3) What are the five basic taste, mentioned in the video.

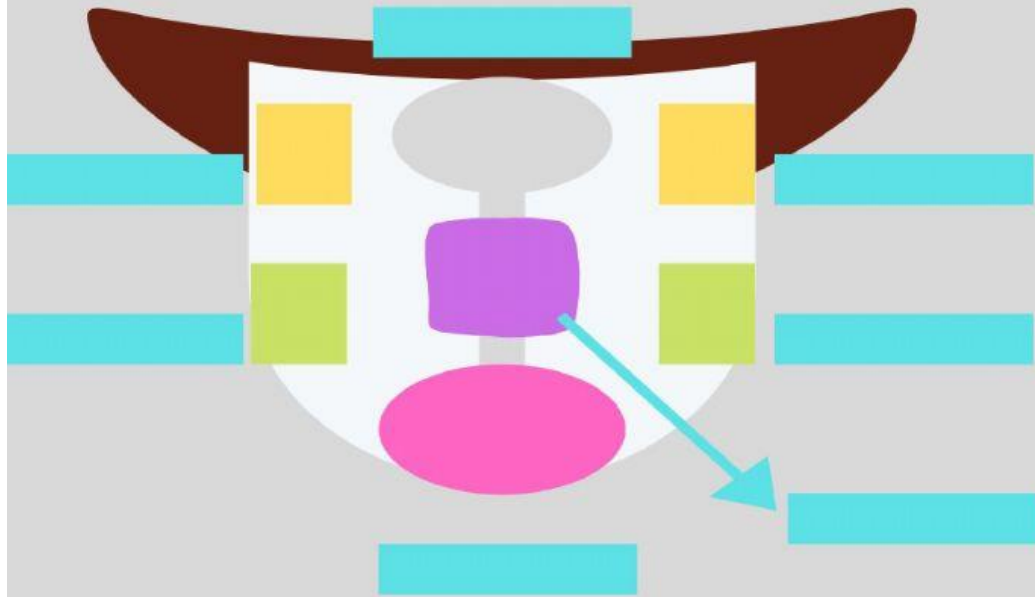

Note: Umami is a word we use to refer to incredibly delicious foods (it can sometimes be a difficult taste to describe)

True or False: Our sense of taste and hearing communicate?

True or False: We experience taste the same way as everyone else?

True or False: The sense of taste protects us from eating foods that may be spoiled or don't taste right.
