

1. Count and trace the sides of the shapes.
Colour the box that shows the correct number of sides.

<p>Triangle</p>	<p>Circle</p>	<p>Hexagon</p>									
<table border="1"> <tr> <td>2</td> <td>3</td> <td>1</td> </tr> </table>	2	3	1	<table border="1"> <tr> <td>4</td> <td>2</td> <td>0</td> </tr> </table>	4	2	0	<table border="1"> <tr> <td>6</td> <td>5</td> <td>3</td> </tr> </table>	6	5	3
2	3	1									
4	2	0									
6	5	3									
<p>Rectangle</p>	<p>Square</p>	<p>Trapezoid</p>									
<table border="1"> <tr> <td>2</td> <td>3</td> <td>4</td> </tr> </table>	2	3	4	<table border="1"> <tr> <td>5</td> <td>4</td> <td>3</td> </tr> </table>	5	4	3	<table border="1"> <tr> <td>4</td> <td>2</td> <td>3</td> </tr> </table>	4	2	3
2	3	4									
5	4	3									
4	2	3									

2. Count and colour the dots in the corners of each shape.
Colour the number that matches.

<p>Square</p>	<p>Triangle</p>	<p>Circle</p>	<p>Rectangle</p>												
<table border="1"> <tr> <td>1</td> <td>4</td> <td>3</td> </tr> </table>	1	4	3	<table border="1"> <tr> <td>2</td> <td>3</td> <td>5</td> </tr> </table>	2	3	5	<table border="1"> <tr> <td>1</td> <td>0</td> <td>2</td> </tr> </table>	1	0	2	<table border="1"> <tr> <td>4</td> <td>5</td> <td>2</td> </tr> </table>	4	5	2
1	4	3													
2	3	5													
1	0	2													
4	5	2
