

# Can't Hold Us Down

*Christina Aguilera (feat. Lil' Kim)*

So what am I not an opinion  
Should I be just because woman  
Call me a 'cause I speak mind  
Guess it's easier for you to swallow if I

When a fires back  
Suddenly don't know how  
So he does what any do  
Making up a few false or two

That is not a man to me  
Slanderin' names for popularity  
you only get your fame through controversy  
But now it's to come and give you

This is for my girls the world  
Who've come across a man who don't respect your  
Thinking all women should be , not  
So what do we do ?  
louder!

them know we're gonna ground

Lift your hands high and wave            proud

Take a deep            and            it loud

Never can, never will, can't hold us down

Nobody can hold us down (3x)

Never can, never will

So what am I not supposed to say what I'm saying

Are you            with the message I'm

Call me            'cause your words don't            a thing

Guess you            even a man enough to            what I sing

If you look back in history

It's a common            of society

The            gets all the glory the more he can

While the girl can do            and yet you call her a

I don't understand why it's OK

The guy can            with it, the girl gets

All my ladies come            and make a change

And start a new            for us everybody

[Lil' Kim:]

Here's something I just            understand

If a guy have three girls then he's

He can even                    some head or sex her raw  
If a girl do the same, then she's a

But the table's                    turn  
I bet my fame on it  
Cats take my ideas and put their name on it  
It's                    though, you can't hold me down  
I got to keep on movin'

To all my girls with a man who be tryna mack  
Do it                    to him and                    that be that  
You need to let                    that his game is whack  
And Lil' Kim and Christina Aguilera                    your

But you're just a little boy  
Think you're                    , so coy  
You must talk  
To                    for smaller things

Said you're just a little boy  
All you'll do is
