textile industry

extensive animal farming

retail

chemical industry

dry crops

intensive animal farming

luthier

surface mining

irrigated crops

irrigated crops

jeweller

food industry

deep-sea fishing

retail

underground mining

Write the name of the different industries:

Construction	Automotive	Food	Chemical	Textile
--------------	------------	------	----------	---------

Match the craftworkers:

Carpenters use wood to make furniture such as chairs and tables.

Jewellers use metal, stones and recycled materials to make earrings and rings.

Luthiers use wood to make and restore string instruments such as violins or cellos.

Weavers use wool, cotton and recycled textiles to make things such as rugs.

Potters use clay to make vessels, plates and other objects.

Blacksmiths use iron and steel to make things such as gates and decorative items.
