

About my project

Geographical attraction: It can be a geographical feature or even an archaeological site.	
Why did I choose it?	
Is it a place I have visited?	
What do I know about it?	
How would I present my project? (puppets, diorama, video, live presentation, Google slides or Powerpoint presentation, etc.)	
Info the teacher needs to know:	Location, weather, things to do there, what means of transportation take you to the place. Add pictures.
