

**7. Read the text. Discuss the questions with a partner.**

When you see the name Nestlé, perhaps you think of breakfast cereals, Nescafé instant coffee, or Nespresso machines. But what else do you know about the company? What other products does it sell, and where? How many people work for the company and why do they like working there? What does the company do to protect the environment?

Listen to *Nestlé in Focus* tonight at 8.00 p.m. to get answers to these and many other questions.

**8. Work with a partner. Make questions about Nestlé using the prompts below.**
