Flat Shapes Riddles

Read each riddle to name the flat shape.

Long or short Equal or not If you
count my sides you will find three.
What is my name?

I am round like a coin I have no beginning
or no end. I have no corners and no sides.
What am I?

I am a closed shape with four sides. Turn
me left or turn me right, turn me up or turn
me down, I look the same in all directions.
What could I be?

I have four sides and four corners. Two
sides are short and two sides are long My
opposite sides are the same.
What shape am I?
